

Egypt Trademark Proposal Procedures – Requirements - Costs

Important Tips

- ✓ Egypt is a member of the Madrid Agreement for the International Registration of Marks (Since July 1st, 1952).
- ✓ Egypt adopts NICE Classification 12th edition (*Int' classes 01~45*).
- ✓ Protection Period of a TM in Egypt is 10 years as of the application's filing date; renewable for further 10-year periods.
- ✓ The normal time frame for a TM to mature into registration is around 18 to 24 months, passing a normal registration course without official rejections or third party's oppositions.
- ✓ Priority is acceptable to be claimed in Egypt, provided that the priority claim falls within (6) months as of the parent application's filing date.
- ✓ Marking is not compulsory in Egypt.
- ✓ Merger, License, Lien, and assignments are **not acceptable** to be recorded against pending applications.
- ✓ Changes of name/address are acceptable to be recorded on pending TM applications.
- ✓ The assignment/ license/ merger/ and also change of names and/or addresses of a registered trademark should be recorded at EGIPA, and unless it is published in the Official Gazette it shall not be effective against third parties.
- ✓ Use of trademarks in Egypt is not compulsory for registering or renewing trademark registrations. However, a trademark registration is vulnerable to **cancellation action** if any third party can prove that the subject trademark has not actually been used for a

period of 5 consecutive years. Unless the owner proves that non-use of the trademark was for reasonable cause, the trademark registration will be canceled.

- ✓ A single application is acceptable to be filed in the name of more than one applicant (*joint applications*); with the same requirements and quotations as the normal applications.
- ✓ Either EGIPA or any party concerned is entitled to demand the cancellation of any trademark registered in ***bad faith***.
- ✓ Any infringement or unauthorized use of a registered trademark is punishable under the provisions of the current IP law provisions (i.e., law no. 82/2002).
- ✓ Starting from April 2026, new official fees have been announced by EGIPA's Ministerial Decrees nos. 64 & 65 to the year 2026, by which EGP 500.00 (around \$10.00) has been added to each step separately.

Registration's Documents Required

- 1- A Power of Attorney duly signed by the applicant, to be **legalized** up to the Egyptian Consulate at your end (*proposed form attached*).
- 2- Applicant company's original certificate of incorporation, CR extract, or business license.
- 3- A certified copy of the priority document (*just in case it is claimed*).

Late Submission of documents (at no extra cost):

The listed documents are acceptable *to be lately submitted within six months from the application's filing date in Egypt*.

TM Availability Search

It is available in Egypt to conduct a preliminary search at the official TM registry in order to ascertain that our proposed mark is free for use & registration in Egypt.

Reyada International currently conducts a **comprehensive brand search**, including a mark surveillance within Egyptian TM registry, Wipo database, internet scanning of possible mark usage in Egypt, searching over the Google Play Store, Microsoft Store, etc. Our results should be revealed within 2-3 working days. Our search results are not official; however, will be conducted with utmost available accuracy, plus a comprehensive overview of the brand status from a market perspective; an outlook that goes beyond any officially conducted searches. Our total costs for conducting a comprehensive brand search for one trademark covering one single class are **USD 150.00**. While for searching the same mark in any further class costs **USD 130.00**.
